## West Yorkshire's Local Transport Plan 2006-11 Mid-Term Progress Report 2008

This is the mid-term report on progress made in delivering the West Yorkshire Local Transport Plan (WYLTP2) to date.

The progress report was submitted to the Department for Transport (DfT) in December 2008. It contains information on progress made towards all 17 Mandatory and 10 Local targets for 2006-07 and 2007-08.

There are also summaries of all consultations held with key stakeholders and partners. These were held to assert their views on the impact of the investments made in improving transport and to identify issues that we need to focus on during the second half of LTP2 period.
