

The following appendices are included to provide additional/ supporting material to that in the main body of the LTP:

- A** Regional and Local Policies
- B** Capital Expenditure Summary Tables
- C** Accessibility Strategy
- D** Air Quality and Vehicle Emissions
- E** Indicators and Monitoring
- F** Baseline Data, Targets and Trajectories
- G** Taxi and Private Hire Vehicles Licensing Policy
- H** Rights of Way Improvement Plans
- I** Transport Asset Management Plans
- J** Traffic Management Act Progress Report
- K** Strategic Environmental Assessment
- L** Public Transport Requirements for Developers (Leeds version)
- M** Scheme Impact Summary
- N** Extract of Consultation Results
- O** Case Studies

In addition, the following supporting documents are available, bound separately:

- West Yorkshire Bus Strategy
- RailPlan 6
- Passenger Information Strategy
- Data Baseline Report

APPENDICES CONTENTS

List of tables

Table	Title
A.1	The 15 aims of the Yorkshire and Humber Regional Sustainable Development Framework
A.2	LTP2 Objectives and links to the long-term Community Vision for West Yorkshire and RTS Objectives
B.1	Summary Action Plan for West Yorkshire – LTP Capital Expenditure
B.2	Summary Action Plan for Bradford – LTP Capital Expenditure
B.3	Summary Action Plan for Calderdale – LTP Capital Expenditure
B.4	Summary Action Plan for Kirklees – LTP Capital Expenditure
B.5	Summary Action Plan for Leeds – LTP Capital Expenditure
B.6	Summary Action Plan for Wakefield – LTP Capital Expenditure
B.7	Summary Action Plan for Metro – LTP Capital Expenditure
B.8	Bradford district wide schemes and schemes costing less than £200,000
B.9	Calderdale district wide schemes and schemes costing less than £200,000
B.10	Kirklees district wide schemes and schemes costing less than £200,000
B.11	Leeds district wide schemes and schemes costing less than £200,000
B.12	Wakefield district wide schemes and schemes costing less than £200,000
B.13	Metro's West Yorkshire wide schemes and schemes costing less than £200,000
B.14	Primary Route structures
B.15	Schemes on de-trunked roads
C.1	Action Plan

Table	Title
C.2	List of organisations committed to supporting accessibility planning (July 2005)
C.3	Stakeholder engagement plan
D.1	Leeds' Air Quality Action Plan
E1	LTP2 Indicators and links to Objectives and Shared Priorities
F1	STM : Key Target Areas
F.2	STM and Targets , Outputs
F.3	Risk Assessment
F.4	Mandatory Indicator: Accessibility
F.5	Mandatory Indicator: Bus punctuality
F.6	Mandatory Indicator: Satisfaction with local bus services
F.7	Mandatory Indicator: Congestion – Average journey time per person mile on key routes
F.8	Mandatory Indicator: Change in area wide road traffic
F.9	Table Mandatory indicator: Change in peak period traffic flows to urban centres
F.10	Mandatory Indicator: Public transport patronage
F.11	Mandatory Indicator: Cycling trips
F.12	Mandatory Indicator: Mode share of Journeys to School
F.13	Local Indicator: AM peak period mode split to urban centres
F.14	Mandatory Indicator: Total killed and seriously injured casualties
F.15	Mandatory Indicator: Child killed and seriously injured casualties
F.16	Mandatory Indicator: People slightly injured in road traffic collisions
F.17	Local Indicator: Number of pedestrians killed or seriously injured in road traffic collisions
F.18	Mandatory Indicator: NO2 emissions in Air Quality Management Areas (AQMAs)

Table	Title
F.19	Local Indicator: Annual road traffic emissions of NOx on the principal road network
F.20	Local Indicator: Annual road traffic emissions of CO2 on the West Yorkshire principal road network
F.21	Mandatory Indicator: Percentage of principal road network where maintenance should be considered (BVPI 223)
F.22	Mandatory Indicator: Percentage of non principal road network where maintenance should be considered (BVPI 224a)
F.23	Mandatory Indicator: Percentage of unclassified road network where maintenance should be considered (BVPI 224b)
F.24	Mandatory Indicator: Percentage of footways where structural maintenance should be considered (BVPI87)
F.25	Local Indicator: Structures with weight and/or width restrictions
F.26	Local Indicator: Bus shelters that meet modern standards
F.27	Risk Assessment and Management
G.1	Taxis and Private Hire Vehicles – Local Policies
I.1	Overview of Current Asset Management Plan Position
I.2	Asset Management Progress Reports Scoring Criteria
I.3	Bradford Metropolitan District Council's Position Statement May 2005
I.4	Calderdale Metropolitan Borough Council's Position Statement May 2005
I.5	Kirklees Metropolitan Council's' Position Statement May 2005
I.6	Leeds City Council's Position Statement May 2005
I.7	Wakefield Metropolitan District Council's Position Statement May 2005
K.1	Summary of Scoping Results
K.2	Example of Scoping Appraisal Matrices
K.3	SEA Objective 1: Reduce transport related impacts on local / regional noise climate

Table	Title
K.4	SEA Objective 2: Improve local/regional air quality and mitigate transport related AQMAs
K.5	SEA Objective 3: Reduce transport-related emissions of greenhouse gases
L.6	SEA Objective 4: Improve the ability of transport systems to adapt to climate change
K.7	SEA Objective 5: To protect and enhance landscape and townscape diversity
K.8	SEA Objective 6: Avoid loss or damage to historic buildings, land, structures, Conservation Areas and archaeological areas or their setting
K.9	SEA Objective 7: To help protect and enhance habitats and species of local, European or international importance
K.10	SEA Objective 8: Reduce the detrimental impact of transport on water quality
K.11	SEA Objective 9: To secure improvements to health
K.12	SEA Objective 10: Reduce the number of vehicular, pedestrian, and other transport-user casualties
K.13	SEA Objective 11: Reduce the risk and fear of crime for pedestrians and public transport users
K.14	SEA Objective 12: Reduce community severance and fragmentation to aid community cohesion
K.15	SEA Objective 13: Improve access to education, jobs, leisure (including sustainable tourism), community services and the countryside
K.16	SEA Objective 14: To support employment, economic competitiveness and the revival of priority regeneration areas
K.17	SEA Objective 15: To protect and retain soil quality
K.18	SEA Objective 16: Maximise the efficient and effective use of materials and minimise the amount of waste generated
M.1	Summary of Impact Reports

APPENDICES CONTENTS

Table	Title
O.2.1	Transport Strategy Measures for the KSEZ

List of figures

Fig	Title
D.1	Changes in Car Exhaust Emissions with the Euro Standards for Petrol and Diesel Engines
D.2	West Yorkshire Annual Average PM ₁₀ Monitoring – Summary Data
D.3	West Yorkshire Annual Average NO ₂ Monitoring – Summary Data
O.1.1	A629 Huddersfield – Halifax Corridor
O.2.1	Kirklees Strategic Economic Zone
O.3.1	Wakefield City and Northern Approach
O.4.1	Castleford Urban Area
O.4.2	Proposed Measures for the Castleford Urban Area
