Local Sustainable Transport Fund

The government has provided £560 million across the country to deliver sustainable transport measures between 2011 and 2015.

So far, Metro and its partners have submitted one large and two smaller bids:

[Getting Transport to Work - Large Proposal](#)

An initiative to enable the sustainable growth of employment in West Yorkshire and reduce carbon emissions.
(This is the Large Proposal.)

[Getting Transport to Work - Key Component Bid](#)

An initiative to support the sustainable growth of employment in West Yorkshire
(This is a Key Component bid)

[Connecting the Dales](#)

An initiative to meet the needs of local communities, businesses and visitors by developing sustainable passenger transport to underpin and promote economic prosperity in the Dales.
